

# BUYBACK GUARANTEE

---

Buy with Confidence: At Hammonasset World Car Headquarters we sell and ship vehicles all over the world. We understand that buying a vehicle sight unseen can be a scary proposition. With that in mind, we work diligently to provide our customers with an accurate description as well as a variety of photos that represent our vehicles as accurately as possible. Most of the vehicles we offer for sale are vehicles that we or one of the other dealers in our network have taken in on trade. We start with a quality vehicle and then put it through our in-house inspection process. All of our vehicles are inspected and reconditioned by our certified technicians. The vehicles are then detailed and hand waxed in our prep-department before being offered for sale.

At Hammonasset World Car Headquarters, we want our customers to be confident that the vehicle they see online is the same one that arrives in their driveway. We take the buying experience one step further. Any vehicle that we ship sight unseen is protected by our 3-Day Buyback Guarantee. That means if you don't feel that the vehicle received isn't exactly what you bargained for; Hammonasset World Car Headquarters will buy it back. Period!

Hammonasset World Car Headquarters will return 100% of the purchase price. The only condition is that you are responsible for any shipping charges, taxes or applicable fees.
